SYSTEM REGISTRATION

[Click here to enter our System Registration page](#)

I would like to point out the System Registration tab link to view the page that will assist your company to generate critical information about YUDO SYSTEMS that you have in your workshop. By filling out the registration form and sending it to us, we will log data against your company such as drawing & parts list for the system. This will provide us with full knowledge of your requirements should you need prompt support.

SYSTEM REGISTRATION

YUDO SYSTEM ID NUMBER REGISTRATION

YUDO OCEANIA have a large range of spare parts stock. However, with YUDO's huge variety of nozzle and sizes coupled with the amount of moulds made abroad. It is difficult to ensure we can supply every item immediately. Our goal is to improve the situation by knowing the possible needs of YUDO spares and minimize your down time. By registering your YUDO system we are able view the system you have and can take action to carry the appropriate spares. When YUDO systems are supplied they are accompanied with an ID plaque which is usually mounted on the fixed side of the mould. The ID number can be found on this plaque.
